of Wm. Smith vs. Thos. Crumley the jury are well fed and cared for. returned a verdict in Mr. Crumley's fa-

Loud calls are made for John, but he hears not, or heeds not. His retirement from active life here is presumed to be conclusive. Several trains were ditched on Wednes-

day night during the severe rain storm prevailing at the close of the dance at Wertheimer's Hall. The female barber seems to attract

considerable attention, judging from the number who stop to witness her tonsorial operations of an evening.

It is stated that the tourists heve left Mackinaw almost alone in her glory. The season has not been a very favorable one for the hotels on the island.

The North Star took a seew load lumber and lath from this port to Mackinaw last Monday to be used in the improvements being made at the fort.

On account of the partor's absence ser_ vices will not be held at the Congregational Cuurch next Sunday. Sunday drew the forty acres of land donated by Jacobs, W W school will meet at 12 m., as usual.

It is wonderful how much attachment when he leaves town under obligations to a great portion of the community.

The dependents of a certain King are nious abdication and clandestine forsaking of them, wherf he is so dear to them.

Workmen are busily engaged in the completion of the Catholic Church; the wainscoting is finished, window casings up, the walls lathed and the first coat of John T. Hill was the fortunate man in plastering on them.

As advertised in the TRIBUNE, the furniture of the Ruby House was sold last Saturday. Considering the stringency of the times it sold fully as well as could have been expected.

E. T. Williams & Co. have erected a blacksmith shop near Hurd's warehouse, in which to have done the necessary reharbor improvements.

sue. As they represent first-class com- tations of the most sanguine. panies in every branch of insurance, those desiring reliable protection will do well to invest with them.

The eclipse was eclipsed last Wednesday morning, though it doubtless came off as advertised by the almanac makers, yet owing to the clouds it was not visible here, and smoked glassed had no demand.

A Model Saw Mill.

Messrs. Nelson, Strohn & Co. claim to

for the purpose of cutting the larger class of logs, each provided with a patent log turner and set works that work accurately and speedily; a parallel edger with saws adjustable at will for edging and ripping the boards as they come from the circular saws into desired widths; two butting off or trimming saws; a lath mill, and an endless chain log jacker for drawing the logs from the mill boom up the slide into the mill, all conveniently arranged for the successful manufacturing of timber. The power for driving this machinery is furnished by a 20x24 engine, supplied with steam by four boilers, each 44-inch shell and 20 feet long, providing ample power to run the mill to its full capacity. Sawdust carriers convey the sawdust from the different saws to

lent-a force pump in connection with reservoir running the full length of the roof, 86 feet, keeping it filled at all times. This reservoir is so arranged that the roof can be flooded in a very short time. It is also provided with a number of pails, to meet any emergency. The mill is also provided with 800 feet of hose, so 7.00 P. M. that every point could be reached with one or more streams.

Additional local will be found on the The average amount of lumber manu-Last Thursday was the first day of the in excess of 60,000 feet, the mill running

The arrangements for carrying the slabs and edgings from the mill are complete, a very great portion of the labor usually connected therewith. One hundred and eighty-two car loads have been conveyed in day to the slab pile.
